Robertson Bright Inc. Acquires Arco Electric Limited

Mississauga, Ontario based Robertson Bright Inc. is pleased to announce the acquisition of Arco Electric Limited. Arco Electric, established in 1984, adds many well-established customers in and around the greater Calgary, Alberta region as well as quality service personnel, providing Robertson Bright Inc. with an increased scope servicing the electrical, construction and network communication markets throughout Ontario and now into Alberta.

Under the arrangement, Arco Electric will operate as a subsidiary of Robertson Bright Inc. This mutually beneficial partnership will increase the level of service both companies will provide to their existing clients as well as providing synergies allowing expansion into markets such as Infrared Thermography, Industrial Electric and Electronic day-to-day service, Design Build Industrial-Commercial Projects and Network Communications.

Robertson Bright Inc., with offices in Mississauga and Peterborough, Ontario, will continue to operate Arco Electric Limited from it's existing offices in Calgary. Rick McMurray will remain with the firm as General Manager.
